A top athlete that offers pure driving pleasure – expect intense performance, the M TwinPower Turbo inline 6-cylinder petrol engine features dynamic power delivery and the characteristic throaty M engine sound. Impressive torque and power, the assembly has been further developed and delivers an outstanding 460 hp peak output and the maximum torque of 550 Nm will take you 0 to 100 km/h in 4.1 s.

The all-new M2 Coupé Purist is a symphony of high-performance, aesthetics, and attitude, with M-specific enhancements that bring you next-level control. Unparalleled design inside and out push this M2 Coupe into legendary territory. Thanks to its carbon-fibre reinforced plastic (CFRP) design, the M Carbon Roof, it is 6 kg lighter than a comparable roof made of steel, optimized with fins, lowers your center of gravity for extraordinary control.

Speed meets grace - extraordinary speed with maximum control. A highly potent inline 6-cylinder engine works alongside superb Adaptive M Suspension, ensuring a smooth and dynamic drive, no matter how far you push the limits. Rear-wheel drive, standard Active M Differential, and standard Adaptive M Suspension work in harmony – a potent combination of agility and handling. Feel in command every time you come to a quick stop with standard M Compound Brakes.
